

MILLER MOYER KILLS BIG BEAR WITH LAST SHOT

Miller Moyer, Jersey Shore, a former resident of Gettysburg and son of Mr. and Mrs. Gordon L. Moyer, formerly of 524 York street, found his shooting skill of great value recently when he stopped a charging 275-pound black bear with the last shot in his rifle.

The Jersey Shore Herald carried the following story concerning the incident under the heading "Ex-GI Fells Charging Bear With Last Shot in Magazine."

"A former infantryman and crack shot who saw action at Anzio Beachhead and other wartime battlefields, was very happy indeed today for his skill with a rifle. The ex-GI, Miller Moyer, Lycoming college student, who resides here with Mr. and Mrs. J. W. Fahringer, his grandparents, found a definite need yesterday for his abilities as a marksman.

"A 275-pound black bear that charged to within 25 yards of the 24-year-old youth before the last shot in the magazine of his rifle felled the big brui, was the cause of Moyer's rejoicing. He and Mr. Fahringer, hunting alone on the opening day of the Pennsylvania bear season, were in the woods less than an hour and a half when Moyer spied the bear in a dense thicket of laurel. Several shots were fired by the young man in an effort to entice the bear out of the cover, and one of them apparently found his mark, because the next thing Moyer knew he was the object of a furious charge by Mr. Bruin.

"With one shell remaining in his rifle, the youth calmly fired the fatal shot, and bagged what was probably the first bear in the borough this year.

"After the shooting, Moyer and his grandfather spent four hours dragging the bear from the woods to their automobile.

"While in the army, the youth was one of only 30 men spared out of an infantry regiment at Anzio. He manned a .50 caliber machine gun, and was the winner of several marksmanship awards. He was discharged from the army with the rank of corporal.

"Moyer's home is in Gettysburg."

NEW OXFORD IS MAKING PLANS ON SEWER PLANT

The borough of New Oxford was one of several in the state which on Thursday informed the State Sanitary Water Board that engineering plans for a sewage treatment plant were in progress, as the board opened hearings into explanations of why 44 municipalities have failed to file sewage treatment plans.

Thirty-eight industries in the state today faced day-long questioning on their reasons for non-compliance with the commonwealth's clean streams program.

New Oxford was the only Adams county borough summoned to appear before the Sanitary Water Board. Among others, however, were York and New Freedom in York county.

Claim Financial Distress
Proceedings against the municipalities saw several of them claim financial distress as the reason for failure to comply with the board's order.

Speaking for a borough in Cambria county, an official said that a sewage treatment plant would cost \$400,000. He said that was beyond the capacity of the borough to finance, with the borrowing limit of the borough exhausted.

Similar statements were echoed by spokesmen from other communities. Most of the boroughs, however, informed the board that their engineering plans were in various stages of progress and would be submitted within periods ranging from a few weeks to several months.

Dr. Norris W. Vaux, state health secretary and board chairman, said he expected the board will act on the cases "in about a week," the Associated Press said.

Twelve Pennsylvania counties made the honor roll in apple tree numbers based on the 1945 census, Doctor Hood wrote. ADAMS CHANGES IN SCHOOLS TOLD TO EDUCATORS

What Adams county has done during the last year toward enlarging attendance and administrative areas for its schools was told Thursday by County Superintendent of Schools J. Floyd Slaybaugh at a meeting of school superintendents from 15 counties held at Reading.

The session was conducted by the superintendents to discuss new legislation in regard to enlarging attendance areas. Under the new laws each county board is to draw up a plan for consolidating its school areas. That plan is to be submitted to the state board of education for approval prior to July 1, and after state approval will be placed on the ballot for public vote at next year's elections.

Most of the county superintendents present Thursday stated they plan to ask the state to postpone the date when the plans are required to be submitted so that a more thorough study can be made.

Waiting For Gettysburg
Adams county closed more schools last summer than any of the other 14 counties reporting. During July, Adams closed 23 schools.

Slaybaugh's report disclosed that the county is awaiting Gettysburg action on establishment of a junior high school before it can continue plans to do away eventually with the seventh and eighth grades in the county schools.

Of the six high schools in the county, the county superintendent reported, four already have established junior high schools. Two, York Springs and Gettysburg, have not done so yet, although York Springs is accepting seventh and eighth grade students from nearby townships.

Will Aid Rural Teachers
Gettysburg has plans to develop a junior high school and if present trends continue, when the borough established a junior high, all of the seventh and eighth grade students will go to high school centers.

Having only the first six grades, the elementary teachers will find both their disciplinary and instructional loads lightened and will be able to give better instruction to the students remaining. Slaybaugh reported. He pointed out that at present the seventh and eighth grade students receive a disproportionate amount of instruction from the elementary teachers because of their need for a firm foundation to pass the high school entrance examination and hence the lower grades do not receive as much instruction as could be given if the seventh and eighth grades were sent to junior high centers.

He praised the work of Leslie V. Stock as supervising principal in the Upper County Joint school district, and outlined to the group how the jointure was formed during the past summer.

Few Remain on Old Schedule

Says 'Rec' Plan Good Economy

"One twisted life which might result from the lack of recreational facilities could cost the community much more than the amount asked by the Recreational association for this year's campaign," Burgess C. A. Heiges declared today in urging residents of the community to give generously to the association's drive for \$7,500 to provide a year around leisure time and recreation program for the community.

Pointing out that other boroughs have seen a tremendous increase in juvenile crime, Burgess Heiges added that, "So far we have been fortunate. Our young people have been well trained and well taught, and are good citizens. But they can be better citizens if we give them the opportunity. A recreational program such as is to be set up will take the youngsters out of the street and provide him and her with wholesome recreation under supervision.

"The \$7,500 asked by the association seems a small price to pay for all of the value received. I trust that everyone will give generously to the cause, for in this case the cause is a better Gettysburg for all of us."

Church Trustees Sell Small Plot

Trustees and the congregation of Zion Evangelical and Reformed church, Arendtsville, have sold to the Arendtsville National bank a plot of land containing five perches, adjoining the present bank property, according to a deed recorded with the county register and recorder.

The sale was made after the Adams county court approved a petition asking that such sale be permitted. The bank paid \$800 for the property which is part of a much larger property deeded to the church in 1781 by the founders of Arendtsville. Listed as trustees for the church on the deed are Merle Culp, Raymond Slaybaugh, Bruce Taylor, George Goehner, Ira Orner, Paul Beamer, Clyde Orner and Ernest Rebert.

FILES ACCOUNT

George M. Conover, Littlestown R. 2, has filed his expense account as candidate for county auditor during the recent election. He spent less than \$100 on his campaign, the report, first to be filed since the election, disclosed. All expense accounts must be filed by December 4.

During the first week of December, Adams county mailmen will deliver checks totaling more than \$354,000 as 12 county banks make distribution of the savings in about 5,400 Christmas club accounts.

The figure of \$354,708, gathered in a survey of the county banking houses today, far exceeds any former Christmas club totals here in the past.

The highest previous figure of \$297,076 was set last year, topping the 1945 figure by about \$40,000.

The number of Christmas club members also reached a new high this year. Last year there were 5,000 and in 1947 the survey showed 5,407 members.

The average check this year is \$65.60, as compared with \$59.59 last year.

Most banks in the county showed an increase over their 1946 club figures and all of the banks that operated clubs this year are planning to open—or already have opened—their 1948 clubs.

Gettysburg National First

The largest Christmas club in the county was operated by the Gettysburg National bank which will mail checks December 1 totalling \$103,637.20, an increase of \$19,651.95 over last year's club. This year the bank had 1,545 accounts in its club as compared with 1,423 last year.

Next largest club was at the First National bank of Gettysburg where checks are estimated to total \$74,000 for the 1,478 members of the Christmas club. Last year the bank's club had 1,200 members who saved \$65,400.

The Littlestown State bank was third with a club of 452 members who saved \$49,664, topping last year's figure by \$7,000.

Next among the top five banks is the Farmers' bank of McSherrytown, which had the largest club in its history this year. The 660 members saved \$39,837.25, an increase of \$8,000 over last year.

The Littlestown National bank was next with its club of 450 members who saved \$35,000, an increase of \$4,000 over last year.

Other Bank Figures
The reports given by the other banks in the county follow:

Farmers and Merchants bank of New Oxford, 377 members who saved \$23,193.50.

First National bank of Fairfield, set a new record with 110 account and savings of \$8,000.

Biglerville National bank, 126 members who saved \$8,100.

Bendersville National bank, 55 members and savings of \$3,500.

First National bank of York Springs, 40 members who saved \$3,000.

Arendtsville National bank, 32 members and \$2,000.

People's State bank of East Berlin which resumed its club this year after a lapse of several years, had 82 members who saved \$4,776.50. The bank will operate a club next year also.

The only county banks which did not have Christmas saving clubs this year were the Abbottstown State bank and the East Berlin National.

MEYERS ADMITS SIGNING FALSE PAPER ON OATH

Washington, Nov. 21 (P)—Red-faced and flustered, Maj. Gen. Bennett E. Meyers acknowledged today he once signed a false affidavit concerning use of the Cadillac automobile which has figured in the Senate investigation of his wartime activities.

The acknowledgment came as members of the Senate War Investigating committee cross-questioned him on his story that he set up the Aviation Electric company solely to help "my girl friend," Mrs. Mildred LaMarre, wife of the man who became its president.

Mentioning the Cadillac, which B. H. LaMarre said Aviation Electric bought for Meyers, Senator Ferguson (R-Mich.) asked Meyers whether the car ever had been used by Aviation Electric prior to Jan. 1, 1942—that is, prior to a wartime government freeze order on deliveries of new cars.

"No," Meyers replied.

"Anybody Would Have"

Then why, Ferguson shot back, had Meyers signed an affidavit to the District of Columbia Auto License bureau that the car had been "bought, paid for and used by the Aviation Electric company before Jan. 1, 1942."

"Is that your signature?" Ferguson demanded, turning the affidavit over to Meyers.

Flushing, Meyers said it was, but that he had signed it as "just a routine thing." He said "anybody would have signed it."

"Why would an officer in the United States Army file a false affidavit when there was a rationing order coming up?" Ferguson demanded.

Was Helping LaMarres

Meyers repeated that he had signed it simply as a routine matter and Ferguson commented that there would not be much point to affidavits if they could be explained away as Meyers was trying to.

Meyers said he did not know about that, but that he wondered about the value of affidavits in the light of "some of the testimony that has been taken here."

Under a series of questions, Meyers insisted that he had no plans to cash in on government contracts when he set up Aviation Electric—that it was done solely for the LaMarres.

LaMarre, who left a \$35 a week job to become head of the concern, has testified that Meyers got more than \$150,000 in profits from the firm's million-dollar-plus aviation subcontracts.

While numerous one room schools are still in use, only a few grades are taught in each, with the exception of the 16. To do away with eight grades of instruction in one school the county districts have adopted "shoestring" transportation with the grades transported between various schools. Superintendent Slaybaugh and Assistant Superintendent C. I. Raefenberger, represented the county at the conference.

AFFECTIONS OF WIDOW SHIFT

New York, Nov. 21 (P)—A last-minute change of heart—but not her mind—prompted the widow today of a pretty, 28-year-old German war widow, en route from her native Bavaria to Chicago and a reunion with one of her two ex-GI sweethearts.

Immigration officials said they took blonde Marielle Strauss into custody after she alighted from a plane at LaGuardia Field early today and told them she wished to go to Chicago to join Fred Lutz, 39-year-old baker, instead of to Strong City, Kans., where her coming was awaited anxiously by Charles Shumaker, 40-year-old railroad worker.

The visa gave her destination as Strong City. Immigration officers said her case would be put before a special board of inquiry at Ellis Island to determine whether she would be permitted to remain in this country.

Until recently, Marielle was betrothed to Shumaker but her last letter indicated that her affections had shifted to Lutz, a fellow Bavarian who came to the United States when he was 20.

It was Lutz, while with the American army of occupation, who put into English Marielle's love letters to Shumaker, and in turn read Shumaker's letters to her.

In Kansas City, Shumaker, still hoping against hope, said that he and the comely widow "went steady" while he was in Bavaria and that he started making arrangements to bring her to the United States as soon as he returned home in September, 1945.

NEW VIOLENCE FLARES IN ITALY

By FRANK BRUTTO

Rome, Nov. 21 (P)—Peasants battled Carabinieri today in the streets of Bitonto, near Bari, in new outbreak of the violence which has taken a growing toll of lives throughout Italy in the past week.

The fight was touched off by an attack by an unidentified assailant upon a priest, the Rev. Pacquale Pileo. The cleric, on his way to say mass, was shot three times in the back. In the subsequent fighting, two Carabinieri were gravely wounded. Armed mobs ranged the streets. Headquarters of the Christian Democratic and the rightist Uomo Qualunque (common man) parties were reported wrecked.

Disorders turned into bloody skirmishing in the strike-bound Apulia region in the heel of Italy yesterday, and four persons were killed, dispatches to Rome newspapers said.

The total dead in the recent epidemic of Leftist-led disorders throughout all Italy was near 20.

In this capital, Premier Alcide De Gasperi, whose Christian Democratic government is a target of a concentrated Leftist attack, conferred with the general commander of the Carabinieri.

Chambersburg Man Injured In Crash

Roanoke, Va., Nov. 21 (P)—Harold Crider, 25, of RFD 5, Chambersburg, Pa., is in Lewis-Gale hospital here with a broken back and a concussion of the brain received when the wrecker he was driving was struck by an Associated Transport tractor-trailer on U. S. 11 about seven miles west of Roanoke at noon yesterday.

Physicians reported Crider's condition as improved today, though still regarded as serious. He has regained consciousness.

Roanoke County Deputy Sheriff Ray Lee said that Charles C. Austin, of Roanoke, the driver of the Associated transport truck, told him that both vehicles were headed east. He said that Crider appeared to be parked on the side of the highway but started forward and turned left into the path of the heavy truck.

No charges have been placed against Austin.

The rates affect all classes of consumers.

Navy Bomber Crashes At Sea

San Diego, Calif., Nov. 21 (P)—A Navy Lockheed Neptune patrol bomber with 11 men aboard crashed at sea 102 miles off San Diego early today, and 11th Naval District headquarters reported that two survivors had been picked up.

The craft flashed a distress signal shortly before crashing, a naval spokesman said. The submarine U. S. Pomadon, cruising in the area, picked up the two men and was searching for others.

The U. S. S. Bairoko, an escort carrier, also was in the vicinity looking for survivors. The Bairoko took the two men aboard, but there was no immediate information of their condition or identities.

The plane, designated as a P-W-V, had left Miramar, near here, shortly before the crash on a scheduled 14-hour operational flight.

FRENCH LABOR PICTURE WORSE

By LOUIS NEVIN

Paris, Nov. 21 (P)—Premier-designate Leon Blum told the National Assembly today "International Communism has openly declared war on French Democracy" and that "the Republic is in danger" also from Gen. Charles De Gaulle's right wing people's party.

"The situation is grave," the 57-year-old Socialist leader declared. Blum sought Assembly authority to form a government to replace that of Socialist Premier Paul Ramadier, who resigned Wednesday. As he spoke, a half million workers were on strike in critical industries throughout France and the labor situation hourly was growing worse.

All workers in Paris transport, chemical, building, leather, paper, glass and pharmaceutical industries planned a one-hour work stoppage for this afternoon to demonstrate their sympathy with the strikers throughout the nation and as a protest against the government's use of troops in coping with the labor situation.

Blum needed a simple majority—310 of the 618 Assembly votes—for authority to form a cabinet. He was certain to be opposed by both the extreme left and the extreme right.

Town In Ripe Mood For New Pied Piper

Martinsburg, Pa., Nov. 21 (P)—In a ripe mood for the Pied Piper, residents of this small western Pennsylvania farming community called today for an all-out campaign to rid the town of rats so numerous they've undermined foundations of homes.

Similar action is planned by farmers and residents of four surrounding townships, who described the rat menace as the worst in years. Corn in cribs was ruined and other grain crops were riddled before they could be harvested.

Taking up arms against the thousands of rodent invaders, Martinsburg council and the Martinsburg Booster Association collected contributions of \$2 per home and engaged four professional exterminators. Welding poison and gas, the exterminators hope to clear the town of rats in a week.

The farmers, who have petitioned county and state agriculture offices for aid, estimated the damage caused by each rat averages \$25.

TO TAKE APPEAL

Cleveland, Nov. 21 (P)—Housing officials said today they would recommend immediate appeal of a U. S. District court decision holding rent controls unconstitutional in a peacetime economy. And in Washington, Sen. Taft (R-Ohio) said he doubted the ruling would alter Congressional plans to consider extending rent ceilings beyond the present February 29, 1948, expiration date.

After Pearl Harbor, he became a candidate for Congress from the Fifth Minnesota district. He was elected in 1942 and reelected in 1944 and 1946.

His work in Congress on various domestic problems has resulted in his being appointed as one of seven Congressmen to serve with seven Senators on the super-committee set up to study reports of the president's Council of Economic Advisors, then to recommend measures for consideration by the various regular Congressional committees. He occupies a key position in determining the whole legislative program designed to give our country maximum production, employment and prosperity.

He participated this fall in investigation and study tours for the Foreign Office committee in Europe and the Far East.

SOUTHERN CAL, YALE, ALABAMA PICKED TO WIN

By HAROLD CLAASSEN

New York, Nov. 21 (AP)—This is the final big week-end of college football this season and is the Saturday of tradition—when previous form and records go out of the window.

But here's hoping that the form will hold true enough to permit a duplicate of last week's efforts when 70 winners were named correctly and 12 were missed for an average of .854. That lifted the season's totals to 463 correct, 102 incorrect for an average of .819.

This week's selections:
Southern California—UCLA: A Southern California triumph would give the Trojans the opportunity of playing in the Rose Bowl and they should get that victory on the quarterback and passing of Jim Fowers and George Murphy. Shaky field leadership has cost UCLA several games and could be fatal in this fray, Southern California.

Ohio State-Michigan. It is doubtful whether the Wolverines will duplicate their 56 to 6 massacre of a year ago. But they have the talent to do it, Michigan.

Irish Too Strong
Tulane-Notre Dame: This game is important only in that it ends, for the time being at least, another series. The Irish have too much power for Tulane. Notre Dame.

Harvard-Yale: There is so much tradition connected with this one that 70,000 persons, including A. A. Stagg, will sit in on it. A superior Yale line and the apparent return to form of Levi Jackson give the Elis the edge over improving Harvard, Yale.

LSU-Alabama: Since the Alabama linemen have lost their excess weight they have yielded just two touchdowns in their last five games. And they have Lowell Tew and Harry Gilmer on their side, too, Alabama.
Southern Methodist-Baylor: They take turns beating each other in the Southwest conference but why should SMU wait until now for its first beating of the year. Doak Walker to star again, SMU.

Purman-Georgia Tech: Go pick on someone your own size, Georgia Tech.

Kansas Gets Nod
Missouri-Kansas: This is the mid-west's version of the Harvard-Yale or Notre Dame-Army games. A victory for either team could mean the big six title for that club, depending on what happens in the Oklahoma-Nebraska affair. We stick with Ray Evans, Kansas.

North Carolina-Duke. This contest will have all the pleasures of a civil war. The Tar Heels have found themselves after those early season setbacks, North Carolina.

St. Mary's-Boston College: Herman (Squirmin) Wedemeyer and his California mates have traveled across the country to spend a very bad afternoon in Beantown, Boston College.

Penn State-Pittsburgh: Pitt upset the Nittany Lions a year ago. It is very rare that lightning strikes twice in the same spot. Penn State to win and finish undefeated.

Skippping over the others in a hurry:

Friday
College of Pacific over Fresno, Wake Forest over Duquesne, Florida over Miami.

Saturday
East: Colgate over Boston University, Columbia over Syracuse, Georgetown over George Washington, Holy Cross over Fordham, Lafayette over Lehigh, Princeton-Dartmouth, Delaware over Washington and Lee, Lebanon Valley over Juniata, Muhlenberg over Bucknell, Toledo over Canisius, Washington and Jefferson over Dickinson, West Virginia over Temple.

Midwest: Illinois over Northwestern, Oklahoma over Nebraska, Purdue over Indiana, Wisconsin over Minnesota, Detroit over Tulsa.

South: Clemson over Auburn, Georgia over Chattanooga, Mississippi State over Mississippi Southern, Tennessee over Kentucky, Vanderbilt over Maryland, William and Mary over Bowling Green, the Citadel over Davidson, Louisville over Washington University, Marshall over Bradley.

Southwest: Rice over Texas Christian, Texas Mines over New Mexico A and M, Texas State over Arizona State of Tempe.

Farwest: California over Stanford, Colorado A and M over Wyoming, Marquette over Arizona, Oregon over Oregon State, Texas Tech over New Mexico, Washington over Washington State.

Sunday
Scranton over St. Vincent, San Francisco over Villanova.

Leads Tied Up In Pro Court Loops

(By The Associated Press)
A two way tie existed today for the leads in both the eastern and western divisions of the Basketball Association of America.

In the west, the Baltimore Bullets and the Chicago Stags were stalemated for the top rung with 3-1 records while in the east, the New York Knickerbockers and the defending champion Philadelphia Warriors were neck and neck with 3-2 marks.

The Stags defeated the Washington Capitals, 81-77 in overtime last night while the Bullets turned back the Knickerbockers, 68-56. In the

At 7:30 o'clock the Dorsey-Stanton Legion team will clash with the McSherrystown Knights of Columbus.

Sports Roundup

By HUGH FULLERTON, JR.

New York, Nov. 21 (AP)—The guys who appear the least concerned about Bob Rosenberg's threat to buy the St. Louis Browns and transfer them to Baltimore are the International leaguers, who would lose some of their most valuable territory if the deal should go through.

Loafing around Prexy Shag Shaughnessy's office just before taking off for Florida, Leo Miller, the Syracuse club's chief volunteer, said: "I can give you the answer to that; George M. Cohan was going to buy a major league club for 40 years, but he never did. . . . A couple of years ago a bunch of us started figuring how much it would cost to move the Browns, juggling down various items. We reached 2½ million so fast we just gave up. . . . Miller went on to explain that it was at the International league's insistence that the rule on "drafting" territory was changed so as to give the invaded league full compensation. . . . And Shaughnessy added: "Baltimore isn't a major league city with a last place club—and that's what they will be for several years, at least. What do you think of those trades? I wonder what minor league they're planning to move into."

FINAL EXAM
Just after Michigan scored its fifth touchdown against Wisconsin last Saturday, Dick Rifenburg, the end who caught the paydirt pass, raced back into the huddle and asked "Captain Hilkene, is it okay now if we mention that word R-o-s-e B-o-w?" . . . Anyway, he can spell it as well as play in it.

ONE-MINUTE SPORTS PAGE
Nebraska alumni wolves are reported howling on the trail of Bernie Masterson. . . . As soon as he disposes of Jersey Joe Walcott, Joe Louis plans to head west for a little golf on "That course where Bud Ward plays"—Indian canyon at Spokane. . . . Errett Anderson, the Los Angeles Don's negro lineman, hopes to become "another stepin' fetchit" when he's through with pro football. Buddy Young likely could give him lessons, especially in stepping. . . . Under the coaching of former Notre Damer Wally Fromhart, Loras (formerly Columbia) college has had its third undefeated team. The other two were coached by Gus Dorais (1916) and Eddie Anderson (1922).

PROVIDENCE SNAPS HORNETS' STREAK
(By The Associated Press)
The Pittsburgh Hornets are human after all.
Coach Bib Davidson's American Hockey league skaters were beginning to appear invincible but the Providence Reds shattered at least temporarily that belief last night.
The Hornets, after losing their initial game, piled up an unbeaten string of 14 games which the Reds ended by scoring a 32 triumph before a capacity home gathering last night.

The win enabled the Reds to snap their second place deadlock with the New Haven Ramblers and also pulled the Reds to within a point of the Eastern Division front-running Hershey Bears who were idle.

The Ramblers battled the high-scoring Indianapolis Capitals to a 2-2 tie in the circuit's only other game.

ATHLETIC GROUP TO MEET MONDAY
A special meeting of the Adams County Interscholastic Athletic association will be held Monday evening at 7:30 o'clock in the office of the county superintendent at the court house.

President Arthur Gordon has requested a full attendance as very important business will be transacted.

remaining games, the St. Louis Bombers defeated the Providence Steamrollers, 73-67 and the Boston Celtics nipped the Warriors, 67-57.

As usual, Joe Fuks, great Philadelphia forward sparkplugged his team's drive. Fuks, the circuit's defending scoring champion and current scoring leader, sank 21 points.

Tuscaloosa, Ala., Nov. 21 (AP)—With major bowl bids hanging on the result, the power-laden football teams of Louisiana State and Alabama meet here Saturday in the south's top gridiron attraction. Only 25,000 fans were lucky enough to get tickets, since that is the capacity of Denny stadium, but among those interested will be promoters of various January 1 bowl games. Alabama already has a win, lose or draw bid of \$50,000 to play in the Dixie bowl in Birmingham January 1, and there were campus reports that Miami's Orange bowl also had been in serious conversation with athletic authorities here.

Pompton Lakes, N. J., Nov. 21 (AP)—Several members of Joe Louis' training camp retinue were ill with dysentery and nausea today, but the malady had no apparent effect on the heavyweight champion as he prepared for his December 5 meeting with Jersey Joe Walcott.

Philadelphia, Nov. 21 (AP)—The University of Pennsylvania line is undergoing extensive work in defensive kicking drills in preparation for the Thanksgiving Day game with Cornell at Franklin field. Penn Coach George Munger explained yesterday that the reason for his move is the fact that Cornell has a great kicker in the person of Bob Dean. Munger said scouts have reported Dean is adept at quick kicks and has been punting his team out of danger all season.

Lewisburg, Pa., Nov. 21 (AP)—Bucknell university, which ends its 1947 football season tomorrow at Allentown against Muhlenberg, has named Paul V. McConnell, senior halfback from Elmira, N. Y., honorary captain for the season. Because of injuries, however, McConnell may not play against Muhlenberg. His passing and running had featured the Bucknell attack most of the season.

Easton, Pa., Nov. 21 (AP)—The gridiron clash between the Lafayette Leopards and the Lehigh Engineers tomorrow will be the last for four Lafayette seniors—Captain, Tod Saylor, an end, Tackle Dick Perrotty, Guard Ralph Hackett and Fullback Frank Stanczak, all probable starters.

Belgium is about half the size of West Virginia.

Bigler Grid Squad Will Dine Tuesday

Biglerville high school's football squad will be feted at a banquet to be held next Tuesday evening at 6:30 o'clock in the Biglerville school building.

E. E. "Shorty" Miller, principal of Edison junior high school, Harrisburg, and well known as a football official, will be the guest speaker.

Trojans Are Favored Over Uclans For Bowl

Los Angeles, Nov. 21 (AP)—The annual football game between the University of Southern California and UCLA gripped the fancy of this town today. With the Rose Bowl nomination a distinct issue, more than 100,000 fans expected to jam the coliseum tomorrow and seats were selling for as high as \$50 a pair.

With the two elevens once again booming down the stretch in another crucial windup of the Pacific Coast conference campaign, and good football weather in the offing, the result will either send Southern Cal on to the Rose Bowl or throw the race into such a deadlock the conference will have to untangle it by vote.

The Trojans, a solid, hard hitting team of the type the late Howard Jones used to field, are close, seven-point favorites over the Uclans, whose record in eight games this season has been studded by explosive, individual brilliance, and woeeful absence of same in at least two contests.

Da'las, Tex., Nov. 21 (AP)—Old Diz was mad as a hornet today.

Diz—Jerome Herman Dean—told police—someone had stolen all the trophies of his golden days in baseball.

"It ain't gonna be healthy for that guy if Old Diz ever lays his hands on him," he snarled.

YANKEES HEAD ASKS PROBE OF BROWN'S TRADES

St. Louis, Nov. 21 (AP)—The mighty New York Yankees have added their voice to the cry of alarm emanating from several baseball quarters over the St. Louis Browns' startling trading activities.

Yankee President Daniel R. Topping, claiming he doesn't want "to see the American league become a seven-club league," yesterday asked for a "complete investigation" of the Browns' player trades.

The Browns who finished eighth in 1947 have already transferred six of their best players to the Boston Red Sox and the Cleveland Indians in exchange for players of unknown quality and an unannounced amount of cash.

Declines Comment
Topping's statement said the Yanks will request that, through Baseball Commissioner A. B. Chandler and League President William Harridge, "a complete investigation of the situation be made."

William O. Dewitt, vice president and general manager of the Browns, declined comment on the Yankees' protest. He said the answer would have to come from President Richard Muckermann of the Browns who is out of the city.

"Won't Help League"
Chandler and Harridge also declined comment for the time being. Glen L. Waller, St. Louis Globe-Democrat sports writer who reports American league games, however, defended the right of the club to make trades.

He said, in a Globe-Democrat story, the Yankees' protest was "ridiculous" and pointed out it was nothing new for a team to break up its roster.

Connie Mack, who traded a big share of his Philadelphia team in 1933, said the deals by the Browns would not "help our league any."

Hospitals' Milk Supply Threatened
Scranton, Pa., Nov. 21 (AP)—Spokesmen for five dairies—strike-bound since last Sunday—said that all milk supplies to hospitals and other institutions may be halted today for lack of supply.

Representatives of the five dairies—supplying an estimated 80 per cent of the 140,000 residents of the Scranton area—met last night with officials of Local 229, General Drivers union (AFL), in another unsuccessful attempt to bring an end to the strike.

Spokesmen for both the companies and the union said after the meeting last night that no further meeting were arranged but added that either side would ask that negotiations be re-opened "if they had any ideas."

Wife Dies, Hubby Hurt In Fuel Fight

Point Marion, Pa., Nov. 21 (AP)—Mrs. Harold King, 32, died today as her coal miner husband, 36, was in critical condition following a quarrel in which they threw kerosene on each other, Coroner Lee R. Herington reported.

Herrington quoted King as saying he tried to rescue his wife after she set her fuel-saturated clothing afire.

With King carrying her, they emerged from their home like two blazing torches, but the miner collapsed on the back steps. Burned from head to foot, Mrs. King was found dead on the steps.

CATTLE—About one third of the week-end cattle supply was held over from earlier in the week. Quality of both slaughter and replacement offerings was only ordinary. Trading in opening rounds active on slaughter classes but late dealings were slow. Stockers and feeders moved slowly throughout the day. All slaughter classes moved seaward at generally fully steady prices, compared with earlier in the week but spots were 25-30c. higher on cows and bulls.

A few lots and loads of top-grade 1,025-1,100-pound slaughter steers, \$26-27. Mostly medium to average-good 550-pound, \$23.50-25.50 and scattered odd lots of common to low-medium, \$14-21. Odds and ends, common and medium slaughter heifers, \$14-18.50. Small lots of good beef cows, \$16-18. Common and medium, \$13-15 and most of the canners and cutters, \$10-12. Few shelly canners, 8-9.50.

Good beef bulls, \$19 and similar, grade sausage offerings, \$17-18.50. Common and medium sausage bulls, \$14-16.50; canner and cutter lightweights, \$10.50-12.50. Stocker and feeder steers showed little net change compared with the first of the week. Medium and good grades, \$12-25.50 with over 900-pound, \$19 up.

TRUMAN SEES NO REASON TO STOP SALES TO RUSSIA

Washington, Nov. 21 (AP)—President Truman said today he sees no reason to stop the sale of heavy machinery and farm equipment to Russia at this time.

Questioned at a news conference about such shipments, Mr. Truman said the Soviet government has a purchasing commission here and has been allowed to purchase machinery for the rehabilitation of electric dams destroyed by the Germans, as

well as the farm equipment. The Russians have purchased \$113,700,000 in goods from this country during the first nine months of this year. Included was several million dollars worth of industrial machinery.

Got Freight Cars, Too
Russia also got 216 freight cars valued at \$1,240,000 from this country between April and October, Commerce department records show, but who made the sales is a puzzle.

Officials, unable to trace the transactions directly, surmised that the Russians bought them from Americans who in turn had bought them from the War Assets administration, possibly on veterans' or other preferences for surplus goods.

The freight cars—like the 145 locomotives Russia got from the

CATHOLIC BAN ON THEATRE

Philadelphia, Nov. 21 (AP)—Dennis Cardinal Dougherty, head of the Philadelphia Archdiocese, today instructed the area's 1,000,000 Catholics to stay away from the Fox theater here "at least one year" because the theater refused to discontinue showing the film "Forever Amber."

The cardinal ordered the ban in a letter to pastors in the archdiocese. "At all masses of the coming Sunday, November 23," the letter stated, "please have the goodness to warn your flock against attendance upon theaters which exhibit moving pictures condemned by the National Catholic Legion of Decency, and especially the moving pictures 'Forever Amber' and 'The Outlaw.'"

"Your parishioners should be especially warned against attending the Fox theater of Philadelphia, and any of its ramifications, if such exist. The prohibition is to last for at least one year from the present date."

The cardinal threatened the boycott last November 3, Andrew Smith sales manager of 20th Century-Fox, operator of the Fox theater, announced the film would not be withdrawn "as long as it does a good business."

"The Outlaw," which was being shown at the Erlanger theater here, was withdrawn by owner William Goldman 10 days ago.

United States between January and April—were specially built to fit the Soviet's broad-gauge railways, which have rails set six inches farther apart than those in America.

Unusable Here
This factor, regarded as making the cars unusable for American railroads, was said by an official to account for their being let out of this country after freight cars were put under export license control July 1 because of the domestic shortage.

The War Assets administration said it has sold no freight cars to Russia this year.

An official noted, however, that WAA sold over 450 broad-gauge Russian type freight cars "in dribbles" to Americans in various parts of the country last year.

'GREEN BOWL' IS BANNED BY NAVY

Washington, Nov. 21 (AP)—The navy today issued orders banning forever the 40-year-old Annapolis secret society known as the "Green Bowl," because of "rumor and speculation" that its members had the inside track for promotions and high-ranking jobs.

A navy "memorandum to the press" said there is no evidence that the group had any such influence. But there had been, it added, an "adverse effect to a limited degree on service morale, because of the fear of the potentialities of an alleged self-serving secret society."

Today's memorandum said the Green Bowl's "sole purpose was social" and aimed at evading strict academy rules against smoking or drinking by midshipmen.

"The investigators did not receive any persuasive evidence that the Green Bowl, or any of its members, discriminated against non-members, or that the association attempted in any way to obtain promotions or preferential duty assignments for any of its members," the navy declared.

The full report of the investigation is classified "confidential" by the navy, and officials declined to disclose the names of the 156 Green Bowlers now on active duty.

AFL Delegates Meet At Capital

Harrisburg, Nov. 21 (AP)—Nearly 500 AFL union representatives gathered here today for a conference designed to put the Pennsylvania Federation of Labor actively in the 1948 election campaign.

Called for the formation of the state AFL's Educational and Political league, the conference brought delegates here from all the central labor unions in Pennsylvania as well as officers of building and construction trades councils, district councils and other parent union organizations.

The meeting, the Pennsylvania Federationist stated in advance of the session, will give "effect to the recent decision of the executive council of the American Federation of Labor to wage an active campaign to bring about the defeat of all Congressmen who voted for the adoption of the vicious Taft-Hartley act."

The same issue of the state AFL publication reprinted a vote of Pennsylvania congressmen on the new labor relations law with Sen. Francis J. Myers, Democrat, and four Democrat congressmen being listed as "for labor" and U. S. Sen. Edward Martin and 27 Republican representatives as "against labor."

Marshall Says He's Not "Pessimistic"

London, Nov. 21 (AP)—Secretary of State Marshall arrived today from Washington to attend next week's meeting of the big four foreign ministers.

Marshall reiterated his position that he was "not pessimistic" about the conference opening Tuesday, but otherwise declined comment on it.

On an impromptu broadcast over the BBC he said of the Marshall plan of economic help to Europe now before Congress:

"I think matters are progressing satisfactorily."

ASKS FOR PROBE

Washington, Nov. 21 (AP)—Rep. Muhlenberg (R.-Pa.), said he believes Congress should investigate the "false rumors" that the Veterans' administration curtailed service because Congress did not provide enough money.
